

## BECKER, DESPERATE, MAY CONFESS GRAFT

Doomed Man Is Said To Be Considering Bargain to Escape Chair.

## MAY BETRAY SYSTEM TO SAVE HIS OWN LIFE

Evidence Corroborating Harlem Murder Conference Obtained Through Strategy.

The possibility of a "full confession" from Charles Becker regarding police graft when he was active at the head of the "strong arm squad," with the hope that he may obtain the recommendation of the District Attorney for commutation of his sentence to life imprisonment, stirred police circles yesterday.

While Becker has maintained a stoical attitude since his conviction, and on the surface evinces an enthusiastic interest in his appeal, it is understood that he has received little encouragement as to the outcome of his case a second time when it comes before the Court of Appeals, and may feel constrained to resort to this one possible loophole to save his life.

The same situation arose after the first trial, but with less compulsive elements in it on Becker's side. It was reported then, as now, that District Attorney Whitman might be inclined to ask for executive clemency in Becker's behalf if he would "deliver" the big grafters in the Police Department in the days of his activity.

Whitman Silent.

District Attorney Whitman, Becker's lawyers and Becker himself would not discuss this possibility yesterday. Instead, the impression was created by those most closely associated with the defendant's case that they were hopeful of securing another reversal from the higher court.

Becker conferred with his lawyers, Martin T. Manton and John B. Johnston, in the Tombs yesterday. The prisoner's wife also visited him, and they conversed for over an hour. Mr. Johnston said after he left the Tombs that the first active steps toward an appeal would be taken after Becker was sentenced on Friday. It is customary for the court to fix the date of execution during the sixth week after sentence, which would bring the first official date for Becker's execution probably in the week beginning July 6.

Counsel for the defence will file notice of appeal with the District Attorney on Friday. That will act as a stay of execution. Then a long series of steps will have to be taken before the case actually reaches the Court of Appeals, probably next October. Judging from the time occupied by the higher court in reaching a decision in the first Becker appeal, in the event that the conviction would be affirmed this time, Becker would not be led to the electric chair until some time in January, 1915, or perhaps later.

The next step taken by the defence after serving notice of appeal will be the preparation by counsel and the submission to presiding Justice Seabury of the actual case on appeal. This will be facilitated by the new rule that the evidence does not have to be put in narrative form. The District Attorney may serve proposed amendments to the "case on appeal." When the record is approved by the presiding justice it is

ordered printed and then filed with the Court of Appeals.

To Argue Before Full Bench.

Soon afterward counsel for the appellant appears before the higher court and makes a motion for argument. The case is then put on the calendar of the Court of Appeals. The appellant is required to file briefs of the proposed argument and to serve copies of them on the District Attorney. The District Attorney answers the briefs of the appellant and files copies with the Court of Appeals and the appellant. The appellant may answer the briefs of the District Attorney if he so desires.

Final briefs are filed with the Court of Appeals and a day is set for argument. Criminal cases are given preference on the calendar. The full bench considers the case, and a majority of the court decides it.

## BLIND, FALLS TO DEATH

Aged Woman Plunges from Fifth Floor Window.

Feeling her way around her apartment on the fifth floor of 308 West 147th st., Mrs. Margaret Ballard, eighty years old and blind, yesterday morning fell through a window and was killed.

She lived with her daughter, Miss Bertha Ballard. In walking to the dining room she made a false turn. Before she could check herself she pitched headlong out of an open window to the sidewalk.

The theory of suicide was advanced by neighbors, who said that they had heard Mrs. Ballard open the window a moment before she fell. There is little doubt, however, that her death was an accident, brought about by a low window sill.

After the death of her husband Mrs. Ballard managed a bakery, and was blinded ten years ago by a blast of flame from an oven.

## STRIKERS BALK AT AMMON MEDIATORS

Miners' Leaders Will Not Accept Legislative Committee Until Operators Agree.

(By Telegraph to The Tribune.)

Denver, May 25.—All hope of speedy peace in Colorado's industrial warfare, so far as the Governor's legislative investigating committee is concerned, went glimmering this afternoon when the policy committee of the mine workers balked at accepting the legislators as mediators.

John R. Lawson, John McLennan and E. L. Doyle, representing the strikers, were informed by their attorney earlier in the day that, in his opinion, the resolutions passed by the special session of the Assembly authorized only an investigation, and not mediation or arbitration. The miners also were advised that inasmuch as they had repeatedly offered to submit their differences to a board of arbitration and the operators had always refused it would be good policy to await the operators' action.

Lawson and his associates therefore gave the legislators the ultimatum that they would refuse to accept the legislative committee as a board of mediation until after the operators have formally accepted or rejected the committee. Both sides are jockeying for position, hoping that meanwhile the federal government will find some method of intervention.

The Forbes mine of the Rocky Mountain Fuel Company, in the southern strike zone, was reopened this morning with a crew of ninety men. There was no disturbance.

## Boy Scouts at Forest Show.

Troop 40, the crack corps of Boy Scouts of Brooklyn and Queens, will send the first detail to the Forest Products Exposition at the Grand Central Palace tomorrow night to attend the nature studies of forestry, lumber and wood manufacturing, as revealed by the exhibits. A troop will attend each following night. Groups of private and public school children were visitors yesterday.

## SAYS HOE PROMISED HER LIFE OF LUXURY

Mae A. Sullivan, on Stand, Accuses Heir of Printing Press Maker.

## \$225,000 IS APPRAISAL OF HEART AND EXTRAS

Broken Vow to Wed and Agreement to Pay Her \$1,000 a Week Are Among the Charges.

Miss Mae A. Sullivan's breach of promise suit for \$225,000 against Arthur Ingersoll Hoe, who inherited part of the \$5,000,000 estate left by his father, Robert Hoe, manufacturer of printing presses, was begun in the Supreme Court yesterday, the plaintiff herself taking the stand and telling the story of her acquaintance with the young man. She demands \$150,000 damages for the defendant's failure to carry out his alleged promise to make her his wife, when, as a matter of fact, he already had a wife, and \$75,000 more for a broken verbal contract which she alleges she had with Hoe, under which he was to provide for her support.

The plaintiff, a full faced, attractive young woman, is a graduate of Wellesley College and the daughter of the late Patrick H. Sullivan, a former Register of Deeds of New York. She was only eighteen years old when she met Hoe.

"I loved him then," said Miss Sullivan on the stand yesterday, "and now he said he would marry me as soon as he divorced his wife." Mrs. Hoe was formerly Evelyn Perry, a show girl, the daughter of Mme. Charcot, a hypnotist. They were married in 1910.

Hoe denies he ever promised to marry Miss Sullivan. He also denies that he promised to pay her \$1,000 a week as she has alleged. He admits he made gifts to her amounting to about \$15,000, but this, he adds, was extorted from him under threats of exposure.

Miss Sullivan's story of her meeting with Hoe was that she stopped her in the street while she was with a friend and asked her whether he had not met her at Atlantic City. He introduced himself as "Mr. Hanley," according to Miss Sullivan. A meeting was arranged for the next day at the Hotel Astor, and from the start, Miss Sullivan contends, Hoe showed a great interest in her. He told her that she was a pretty girl, and about himself he said, "I am a man of wealth. I have inherited \$5,000,000 from my father and will provide you with all the nice things of life." Also at this meeting, according to Miss Sullivan, Hoe gave her five \$100 bills.

Miss Sullivan was living with a family named Staid in an apartment in West 110th st. One day, she said, they found a letter which she had left on a table, and as a result the Staid's demanded \$3,000 from Hoe. "Mr. Hoe refused to pay that sum, but paid \$10,000 when the figure was reduced," Mr. Hoe had also paid \$5,000 to the Staid's.

During the course of the examination of Miss Sullivan Mirabeau L. Towne, her attorney, called on the defendant's attorney for a statement signed by the plaintiff in which she said that she had no claim on Hoe. This statement read in part: "This is to certify that I met Mr. Hoe about a year ago, and told him I was an orphan and had no means of living unless I had help. Without his knowledge and consent I ran up large bills and it was to get money to pay these that from time to time I told him that unless I got money to meet these bills his name would be known."

Miss Sullivan said that in January or February, 1912, Hoe brought this statement to her for her signature. She refused to sign until she had consulted with her cousin, William J. Daly, when she signed and accepted three \$1,000 bills from Hoe. She said, however, that the contents were not true.

## SIX HURT IN AUTO CRASH

Mothers Thrown from Car Protected Babies from Injury.

Six persons were injured yesterday afternoon when a car driven by H. Lester Nettler, of 320 Wyoma st., East New York, skidded and upset at Van Sicken and Belmont avs. Two babies in the automobile escaped without a scratch.

Mr. Nettler, a musician, bought a touring car a week ago. Yesterday he invited a party of friends to take a spin with him to Coney Island. They were travelling at the rate of fifteen miles an hour, he said, when the accident occurred.

His wife, Mrs. Dorothy Nettler, was injured about the shoulder; Mrs. William Westreich and her three-year-old daughter, Rose, were badly bruised; Mrs. Albert Bergman was cut about the face, and Mrs. Albert Weinstein received severe bruises. Nettler fractured a bone in his right knee.

Both Mrs. Nettler and Mrs. Weinstein succeeded in saving their babies, Gynne Nettler and Jessie Weinstein, although both mothers were thrown out of the automobile.

## DENIES HE WILL BE SING SING'S WARDEN

Windell Says He Will Not Be Appointed—Clancy May Remain in Office.

Ossining, N. Y., May 25.—John T. Windell, president of the Yonkers branch of the American Federation of Labor, denied tonight that he is to be appointed warden of Sing Sing prison, and there are indications that Clancy will remain in office.

Superintendent of Prisons Riley stated tonight that Windell had been recommended, but that he had not made any decision. Other candidates for the place have been Francis X. Dusey, an Elmira lawyer and assistant secretary to the 2d District Public Service Commission, and Thomas H. McCormack, a close friend of the Deputy Controller, who, it is understood, is out of the race.

Another story is that Riley has several men in the prison service under consideration, and that he has not lost hope of putting McCormack in office. All the rumors, however, are discredited.

## SHOTS CAUSE COURT SCARE

Fired as Evidence in Murder Case, They Draw Crowd.

The firing of three pistol shots yesterday in Part III of the County Court in Brooklyn caused considerable excitement in the courthouse until it was discovered that it was part of the evidence being presented to a jury in the case of Giuseppe Mirena, on trial for murder in the first degree for shooting James O'Connell February 6.

Mirena already has been convicted of manslaughter in the first degree for shooting Patrolman Edward J. Murtha, of Butler st. precinct, the same night O'Connell was shot. Mirena was loitering in the vicinity of 4th and Hoyt sts., and Murtha was about to search him for a weapon when Mirena pulled a revolver, shot Murtha, and when intercepted by O'Connell also shot him.

Lieutenant William A. Jones, pistol expert in the Police Department, fired the cartridges in court yesterday to show that the revolver used by Mirena made ridges in the bullets the same as those found in the bodies of the men killed. The trial will be continued today.

## \$87,000 MAN HELD ON \$87 CHARGE

Husband of Roosevelt Protege Accused of Theft by His Landlady.

Joseph A. Young, son of Dr. Clement C. Young, of 101 West 58th st., who claims to have been graduated from the United States Naval Academy and to have just inherited \$87,000, was arrested last night on a charge of larceny made by his former boarding house keeper, Mrs. Louise Milligan.

Tall, good looking, well set up, the prisoner vigorously asserted his innocence, and in doing so told the police of his romantic marriage a short time ago with pretty eighteen-year-old Joan Shore, who danced the Highland fling with Colonel Roosevelt on the deck of the steamer Van Dyck when both were on their way to Brazil, and who was a great favorite of both the colonel and Mrs. Roosevelt.

She, with Miss Gladys Waddell, had signed a contract to appear at a Rio de Janeiro music hall. They sailed with the colonel and his party, and when Mr. Roosevelt heard their story he started inquiries which convinced him that that music hall was no place for them to go, so he advised them not to land in Rio, but to go right back home. In the harbor they were transferred to the steamer Vestris, on which Young was then second officer. The Roosevelts and the Bradleys paid their passage. The young women were arrested before the steamer sailed, but Mr. and Mrs. Roosevelt secured their release, and saw that they got safely back to the steamer. Young fell in love with Miss Shore on the return trip, and they were married soon after their arrival in New York.

"The charge that I stole \$87 worth of clothing from that boarding house is ridiculous," Young told the police. "I have inherited \$87,000 from my grandfather and have an appointment with Martin W. Littleton in the morning to sign the necessary papers." He was allowed to telephone to Mr. Littleton, but the latter was out.

Young lived with his bride in an apartment at 209 West 45th st. until a week ago, when he went to Washington on business. Last night he telephoned his wife to meet him at Broadway and 42d st., but detectives arrested him before he could keep the appointment. His father is a prominent physician.

## SCARLET FEVER IN PRISON

75 of 110 Women Convicts at Auburn Quarantined.

(By Telegraph to The Tribune.)

Albany, May 25.—Nearly three-fourths of the 110 inmates of the women's prison at Auburn are suffering from scarlet fever. The state authorities are making every effort to prevent the disease from spreading to the men's prison.

"I received word last Friday that three cases of the disease had broken out in the women's prison," said John B. Riley, Superintendent of Prisons, to-day. "I quarantined the place and the Health Department sent a big force. The physicians found seventy-five women afflicted."

## REALTY MEN WIN INCOME TAX FIGHT

New Treasury Ruling Relieves Interest on Collateral from Payment.

The federal Treasury Department has made an important change in the matter of the payment of income tax by real estate corporations, joint stock associations and copartnerships dealing in real estate.

In a letter received by Arthur L. Clark, attorney, of 165 Broadway, who has been conducting a fight in behalf of real estate owners against certain provisions of the income tax law, the Treasury Department states in substance the following:

Real estate corporations, joint stock associations and copartnerships dealing in real estate shall not be required to pay an income tax on any interest paid on collateral (real estate mortgages or other real estate securities) based on real estate or real estate securities which may be sold or otherwise dealt in as a part of the company's business.

Prior to this decision, the law was that one-half of such interest should be included in the moneys to be paid as income tax.

## AVIATOR DEAD IN BED

George Rudloff Victim of Hemorrhage While Sleeping.

George Rudloff, an aviator, was found dead in bed last night at 356 West 56th st., where he rented a room. Dr. Boyce, of the Polytechnic Hospital, said death was due to a hemorrhage.

He was last seen alive Friday night, when he told George Walters, another boarder, of an engagement Saturday to fly an aeroplane at New Haven. He made daily visits to Oakland Heights Aviation Field, on Staten Island.

## VATERLAND TO SAIL WITHOUT A STRIKE

Alien Employees Would Be Deserters if They Left Ship.

## 560 GUESTS OF LINE AT LUNCHEON ON BOARD

17,000 Visit Steamer Sunday and Proceeds Go to Widows and Orphans' Fund.

Rumors that a strike had threatened the new Hamburg-American steamship Vaterland were dissipated yesterday when 560 persons assembled at luncheon on board as guests of the local directors of the line.

Rumors of dissatisfaction with wages, food and quarters on the part of the stewards were current yesterday. It was said on board the Vaterland that a statement would be forthcoming at 4 p. m., but later it was announced by the company that no protest had been made by either stewards or firemen and that no official statement would be issued. The Vaterland, it was added, would steam out of port on schedule this morning at 10 o'clock.

The Vaterland's booking is 506 saloon and 210 second cabin passengers. Sunday she was thrown open for public inspection, the admission price being 50 cents. Throughout the day she was visited by 17,000 persons, and the proceeds, \$8,500, will be given to the fund for widows and orphans of German seamen.

The luncheon and inspection held aboard the vessel yesterday were for public officials and advertising and newspaper men. On behalf of the company Dr. Carl Bunz, resident director, said:

"The Hamburg-American line, in putting this latest type of steamer in the New York service, wanted you to understand that we have unbounded confidence in the future development of the business of the port, in the political and economic future of the United States and in the continuance of the intimate relations between our two countries."

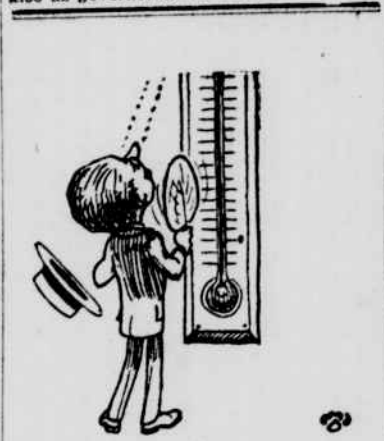

Mayor Mitchell, who was expected at the luncheon, sent his regrets. Count von Bernstorff, German Ambassador to this country, and Controller Prendergast were among the speakers.

At the conclusion of the luncheon Captain Hans Ruser said he contemplated no trouble with stewards or stokers. He explained that whatever grievances the men might have must be settled in Germany, as their refusal to work or their departure from the steamer in this port would be considered desertion, and would be dealt with accordingly by the German government. As all the stewards, stokers and firemen are aliens, they would not be permitted to stay in this country without going through the formality of immigration inspection, and rebellious persons would not be permitted to enter the country by the immigration officials.

## SIMMONS FOR BANK BOARD

St. Louis Man Asked to Serve in New System.

(From The Tribune Bureau.)  
Washington, May 25.—E. C. Simmons, a St. Louis hardware manufacturer, has been selected by the President as one of the members of the Federal Reserve Board. His acceptance has not been received, but it is understood from his friends in Washington that he will serve. Charles S. Hamlin, Assistant Secretary of the Treasury, and George E. Roberts, director of the mint, are mentioned as under consideration for fifth member, and also as governor of the board.

We'll match our serge against the mercury any time. The hottest sun won't fade it—nor will salt water. One of the best of travelling suits—keeps its shape so well and sheds dust. Most comfortable in warm weather. A blue serge suit plus a pair of white flannels is as good as two suits. Blue and black serge suits, \$15 to \$35. White flannel trousers, \$5 to \$9.

Two Summer novelties! "Gymkhana" shirts for golf and tennis. Maxixe pumps with non-skid soles. Registered trade-mark.

ROGERS PEET COMPANY, Three Broadway Stores at Warren St. 13th St. 34th St.

**Kennedy** 12 Cortlandt Rubber Sole Low Shoes Dark Mahogany Russet English Lasts \$2.97, \$3.49, \$3.98 worth \$4 to \$6.

## POST LEAVES \$20,000,000

Battle Creek Man Gives Bulk to Widow and Daughter.

Washington, May 25.—The will of Charles W. Post, of Battle Creek, Mich., who died May 2 at Santa Barbara, Cal., filed here to-day for probate, leaves the bulk of an estate estimated at \$20,000,000 to the widow, Mrs. Lella Y. Post, and a daughter, Marjorie Post Closs.

The stocks, bonds and other personal property of the estate were estimated at about \$18,000,000. Carroll L. Post, Marshall K. Howe, Henry C. Hawk, Harry E. Burt, Samuel H. Small, Edward L. Branson, Frank C. Grandin and Arthur E. Williams were named as executors, and gave bonds for \$2,500,000.

To two granddaughters, Adelaide Closs and Eleanor Closs, Mr. Post left 10 per cent of his personal estate; another small portion goes to various persons, among them the executors, and the remainder is divided equally between the mother and the daughter.

## DYING AFTER PISTOL FIGHT WITH POLICE

Negro Opens Fire on Detectives—Mortally Wounded in Running Battle.

Brandishing a whiskey bottle in one hand and a revolver in the other, Alexander Thomas, a negro, of 166 West 133d st., called out to Detectives Lawlor and Schubert yesterday afternoon:

"You sent my friend up and I'll send you to hell!"

The negro opened fire and the detectives replied. Thomas then ran down Lexington ave. to 133d st., a block from where the fight began, with the detectives in hot pursuit, all the men firing as they ran. He took refuge in a saloon, pumping bullets through the swinging doors. As Lawlor and Schubert rushed in one door Thomas dodged out of the other, and then one of the officers' bullets found its mark and the negro dropped to the sidewalk. He is dying at Harlem Hospital.

In the mean time the greatest excitement prevailed and a crowd of three thousand negroes gathered around the two white men, threatening to kill them. Others ran up to the tops of houses and, when the reserves arrived, amused themselves by sniping at the policemen with bricks, pieces of lead pipe and other missiles.

Sidney Clark, of 109 West 133d st., and Clarence Wrightley, of 111 West 133d st., both negroes, were arrested.
